Appellant Michael A. Cobb and Appellee the City of Stockton (collectively, the "Parties"), through their respective counsel, hereby stipulate to the following:

- On June 3, 2014, the Parties jointly filed their Official Form 24 Certification To 1. Court Of Appeals By All Parties [Bankr. Dkt. No. 1540] ("Certification Request") with the bankruptcy court. The Certification Request, a copy of which was attached to the "Stipulation" and Request for Certification to Court of Appeals by All Parties" as Exhibit A as filed herein July 15, 2014 (Docket No. 6), requested certification of this action to the Court of Appeals for the Ninth Circuit pursuant to 28 U.S.C. § 158(d). The bankruptcy court took no action on the Certification Request.
- 10 2. By reason of the transmission of the record to this Court by the bankruptcy court 11 (Docket No. 3), and pursuant to Federal Rule of Bankruptcy Procedure 8001(f)(3)(A) and 12 8007(b), the Parties renewed their request for certification to the Court of Appeals under the 13 "Stipulation and Request for Certification to Court of Appeals by All Parties" filed herein July 14 15, 2014 (Docket No. 6). This request for certification remains pending before this Court.
- 15 3. Section 158(d)(2)(B)(ii) permits parties to a bankruptcy appeal to request 16 certification to the court of appeals when they agree that circumstances warranting direct appeal 17 to the court of appeals are present. Upon such "request made by a majority of the appellants and 18 a majority of the appellees," the court "shall make the certification" requested. *Id.* Certification 19 in these circumstances is required and non-discretionary.
- 20 4. Section 158(d)(2) provides jurisdiction to the court of appeals to hear the appeal if 21 the parties to the appeal certify that circumstances warranting a direct appeal to the court of 22 appeals are present and "if the court of appeals authorizes the direct appeal of the judgment, 23 order, or decree."
- 24 5. Pursuant to Federal Rule of Bankruptcy Procedure 8001(f)(5), once the district 25 court issues the certification, one or more parties must petition for permission to appeal to the 26 court of appeals in accordance with Fed. R. App. P. 5 no later than 30 days after the certification has become effective. Appellant intends to file the petition to the Court of Appeals for the Ninth

Circuit to hear the appeal in this matter promptly after certification by this Court and within the time prescribed by this rule.

- 6. On July 8, 2014, the Clerk of this Court issued a briefing schedule "Briefing Schedule in Bankruptcy Appeal" (Docket No. 4) requiring briefing on a fourteen day schedule between appellant and appellee.

7. Given that the Parties have requested certification of this appeal to the Court of
Appeals and that such certification is mandatory, the Parties respectfully stipulate and request that
the briefing of the appeal in this court be deferred until such time as the Court of Appeals acts on
the petition to hear the appeal made to it after certification. If the Court of Appeals grants the
direct appeal, the briefing of the appeal in this Court will be moot. If the Court of Appeals denies
the direct appeal, the appeal would then be heard in this Court in the first instance. In that event,
the parties stipulate and request that the briefing schedule be modified as follows:

- a. The appellant's opening brief and excerpts of record are due, filed in the district
 court, within twenty-one (21) days after service of any denial of a petition for the
 appeal to be heard by the Court of Appeals pursuant to 28 U.S.C. § 158(d)(2).
- b. The appellee's opening brief is due, filed in the district court, within twenty-one
 (21) days after service of appellant's brief.
- c. The appellant may file a reply brief with the district court, within twenty-one (21)
 days after electronic service of appellee's brief.
